TAFT SUGGESTS MIDDLE GROUND

Upon Which Ratification of Peace Treaty Might Be Acceptable to All—Writes Hitchcock

(By Associated Press)

Washington, July 24—Former President Taft, who has written several republican Senators suggesting reservations to the peace treaty which might be acceptable to both sides, has opened correspondence with prominent democratic Senators, including Hitchcock, one of the leading spokesmen of the administration.

Taft's communication to Hitchcock was received today. It was not made public but is understood to be of the same general tenor as those sent to republicans suggesting reservations or interpretations to facilitate ratification of the treaty.

Hitchcock and other leaders declared today, however, that they would continue their efforts for ratification without reservations. They said they had no word from President Wilson whether he will be disposed to accept any interpretations but it is indicated the administration would stoutly oppose any qualifying clauses which would require renegotiation of the treaty.

The suggestion has been received with earnest consideration by the group of republicans who favor the idea and who already are at work on a definite programme of interpretative reservations which they declare they have reason to believe will be accepted by the administration.

To Neutralize Aland Islands

(By Associated Press)

Paris, July 24—The Baltic commission of the peace conference today recommended that the Aland Islands, between Sweden and Finland, be neutralized under a guarantee of the League of Nations. ADJUSTS HAIL LOSS FOR BOB MINTER

R. M. Newland, a well known insurance agent of Stanford, was in Richmond Thursday, for the purpose of adjusting a hail loss sustained by Robt. Minter, on his tobacco on his farm near Boonesboro a short time ago for a local insurance agency. The damage was only slight, however. Mr. Newland says that he has written a big amount of hail insurance in Lincoln and adjoining counties, and owing to the hail storms which visited several sections down that way, has had to pay a number of losses. Many of the tobacco growers there are carrying as much as \$200 an acre insurance on their crops. Mr. Newland says that tobacco in that section is much further advanced than here, the Madison tobacco seeming to be badly in need of rain. Mr. Newland was the guest of Mr. and Mrs. John W. Arnold while here, Mrs. Arnold being an aunt of Mrs. Newland.

(By Associated Press)

Washington, July 24—Chairman Lodge, of the Foreign Relations Committee, today offered in the Senate a resolution requesting President Wilson to submit to the Senate the treaty by which the United States would promise aid to France in the event of unprovoked German attack. Bourbon Cattle Sell At 16c

The highest priced fat cattle so far heard of in the blue grass this season, were sold at Paris this week when James Caldwell, of Bourbon county, sold to Monte Fox, of Danville, 70 head of black Angus cattle, weighing around 1,400 pounds per head, at 16 cents a pound. Mr. Caldwell is feeding a car load of 20 head of white faced cattle for exhibit at the State Fair, at Louisville, and later at the world's live stock show to be held in Chicago. The first sale of big fat cattle reported in Montgomery county this season was that of A. S. Hart, who has sold 90 head to Sim Weil, of Fayette county, at \$14 per hundred, with 3 per cent shrinkage. A. L. Tipton has sold two car loads, or about 35 head to Mr. Weil at the same price.

NATIONAL SPEAKERS COMING TO EIGHTH

Heflin and Hardy To Urge Voters To Elect Hardin—Terrill Calls Meeting Saturday

Two of the best speakers on the Democratic side of congress will tour the Eighth District beginning next week in the interest of Judge Chas. A. Hardin, Democratic candidate for Congress in the special election, August 2. They are Congressmen Heflin, of Alabama and Hardy of Texas. They are sent by the Democratic National Committee, and beyond doubt one or both of them will speak in Richmond. The Democrats here are anxious to hear these distinguished men, and will insist that one of them speak here. Heflin is known in Kentucky as a great personal friend of the late Senator Ollie M. James. He has spoken in this state and is a magnificent orator.

Judge Hardin is expected to be in Richmond Saturday for a conference with Democratic leaders. Chairman R. B. Terrill has issued a call for a meeting of the Democratic County Committee and other prominent democrats to be held in Richmond to meet with Judge Hardin and a full attendance is desired. The bitter partisan fight that is being made up on President Wilson at Washington had brought home to every democrat the necessity of sending him all the support to Washington possible, and nothing will be left undone to see it that Judge Hardin is sent from the 8th by an old-time majority in this district.

Chairman Terrill's call for the meeting here Saturday is as follows:

Notice To Democrats

All members of the Democratic County Committee and other interested Democrats are hereby notified to meet at the Court house on Saturday, July 26, 1919 at 2 o'clock, p. m., to advise ways and means to secure a democratic majority in Madison county for Hon. Chas. A. Hardin our candidate for Congress from this, the Eighth District.

R. B. TERRILL
Chairman.

After Williams Some More

(By Associated Press)

Washington, July 24—A. Jones, counsel for the Independent stock holders of the old First National Bank of Uniontown, Pennsylvania, testifying today before the Senate Banking Committee charged John Skelton Williams, Comptroller of the Currency, with unfair management of the Bank's affairs after its failure and with having a personal interest in the disposition of 10,000 shares of coal mining stock given to secure a loan. He testified Williams had the stock assigned to himself and controlled the meeting of the bank stock holders for the purpose of bringing about a sale of the coal stock.

Paul Hite and Phoenix Sued

Miss Kathryn Arnold, formerly of Texas, who recently removed to Lexington to make her home has an action in the Federal Court at Frankfort against Paul Hite and the Phoenix Hotel Company for \$75,000 damages, alleging violence toward her while she was a guest in the hotel.

Lexington police records show that Mrs. Arnold while a guest at the hotel, April 26 last, appealed to the clerk for help, saying that Hite, who is well known in Lexington and Richmond and now lives in Michigan, had struck her as she was sitting in a chair on the mezzanine floor.

The hotel watchman, at Mrs. Arnold's request, arrested Hite, and he was taken to police headquarters, and released upon his own recognizance.

He was found guilty in two charges of breaches of the peace, and fined \$1 in each case. Managers of the hotel said they were astonished to learn of the court action against the hotel. They believe the incident closed with Hite's conviction, they said. Attorney J. A. Edge, Lexington filed the petition for Mrs. Arnold.

SHERIFF CALLS EXTRA REGISTRATION OFF

Sheriff Pete Whitlock, who called the special election in Madison county to be held August 2, to elect a congressman in the 8th district, says that there will be no special registration in Richmond Saturday, the 26th.

Sheriff Whitlock, through his attorney, Judge Murray Smith, consulted with the Attorney General at Frankfort Wednesday and was informed that the county judge has no authority to call a registration in this present election, inasmuch as he had nothing to do with calling the election, but inasmuch as registration held on the 19th was under the authority of the sheriff and county clerk, no further registration is necessary. Acting upon such advice from the Attorney General, Sheriff declared today that no registration would be required.

MADMAN CHARGED WITH HORRIBLE OFFENSE

Cincinnati, July 24—Circumstantial evidence led to the arrest last night of Henry Salzwachter, 52 years old, former grave digger, who is accused of having opened the grave of Clara Fischer, pretty 15-year-old daughter of Anton Fischer, of Newport, last Thursday night, a few hours after she had been buried, near Ft. Thomas, Ky.

A few hours before the arrest physicians had announced their bacteriological tests proved conclusively that the body of Clara Fischer, exhumed by a ghoul from its freshly made grave, had been subjected to mistreatment by a person of degenerate instincts.

The result of the tests made by the physicians employed by the family, was substantiated further by a test made by Dr. William J. Gerding, of Newport. Dr. Gerding said he was positive the girl had been mistreated by a moral pervert, known to melical science as a necrophile.

"The evidence we have obtained," said County Attorney McLaughlin, "convince us the grave was opened and the body of Clara Fischer removed from its coffin and mistreated by a moral pervert. We virtually have eliminated the supposed 'woman in black' from culpability."

According to psychiatrists and physicians versed in psycho-pathology, the bacteriological examination establishes the first case of necrophilia where the body was taken from the grave, known to medical annals in the United States, although instances of this form of degeneracy are recounted in medical journals of Europe. The body of Clara Fischer was reinterred in its grave at the cemetery early yesterday morning. The top of the box containing the casket was sealed with several inches of concrete.
